TOY LIBRARY AN OASIS

A toy library is a community resource where toys, games, and play materials are lent out to children and families, similar to how books are borrowed from a traditional library. They often promote the importance of play in child development, providing a space for children to explore, learn, and have fun in a supportive environment.

HOW'S IT GOING?

We started our pilot from one of our Anganwadi Classrooms in the month of January and soon the concept caught fire and we have expended to **SIX LIBRARIES**; four of which are running in communities. As the parents see the child exploring newer things, engrossed in play and not glued to a screen; their hope is to have one such library in almost every locality. **Come join us in making this hope a reality. You can make a donation in the link below.**
