

MONTHLY MUSINGS

AUGUST EDITION

HELLO!

Welcome to Neev Shikshan Sanstha's Newsletter, your go-to source for our monthly activities and news. We're thrilled to have you on board! At the end of the newsletter, we have a small request from you, so please read it till the end. As always, we love hearing from you, so feel free to reach out with any questions or feedback. Enjoy the read!

WHAT'S IN THIS MONTH'S ISSUE?

- **Demo session in Unnati Schools**
- **Rakshabandhan Celebration**
- **West + South Zone Workshop**
- **Unnati School Update**
- **Announcement**

DEMO SESSIONS IN UNNATI SCHOOLS

At Neev Shikshan Sanstha, we believe in working together towards a shared vision of empowering teachers and enhancing early education. Recently, we demonstrated key activities like counting and pre-math skills to help new teachers better grasp foundational numeracy concepts. Additionally, we conducted a hands-on session on LSRW (Listening, Speaking, Reading, and Writing), introducing 'matra' in the early years to strengthen foundational literacy. These efforts are part of our ongoing commitment to improving teaching practices and ensuring that every child receives a strong start in their learning journey.

RAKSHABANDHAN CELEBRATION: A UNIQUE TRIBUTE TO PROTECTORS

This year, Rakshabandhan at Neev's model Anganwadis was celebrated in a unique and meaningful way. The children tied handcrafted, upcycled rakhis to trees, ASHA workers, doctors, and SHE Team police personnel. The aim of this initiative was to instill in young minds the importance of protection and gratitude. The children learned that trees safeguard our environment when we care for them, and our ASHA workers, doctors, and police personnel are always there to protect and support us. This thoughtful celebration fostered awareness about the value of care and responsibility toward nature and the community.

NEW MODULE TRAINING FOR WEST AND SOUTH ZONE

In a 10-day training program, we successfully trained over **450 ICDS staff, including Anganwadi workers and preschool instructors**. This new module focused on **brain development, the 5 developmental domains, and classroom management**, impacting **6000+ children**. The training emphasized activity-based learning—a video was shown on brain development, illustrating how a child's brain grows during early years. For the 5 developmental domains, we demonstrated activities to engage children in their holistic development. In classroom management, there was an interactive discussion on common challenges faced by teachers in Anganwadis, with collaborative problem-solving sessions led by both the participants and our team. This initiative aims to improve early childhood education at grassroots levels.

EMPOWERING STUDENTS: NEW CLASSROOM RULES CREATED BY KIDS

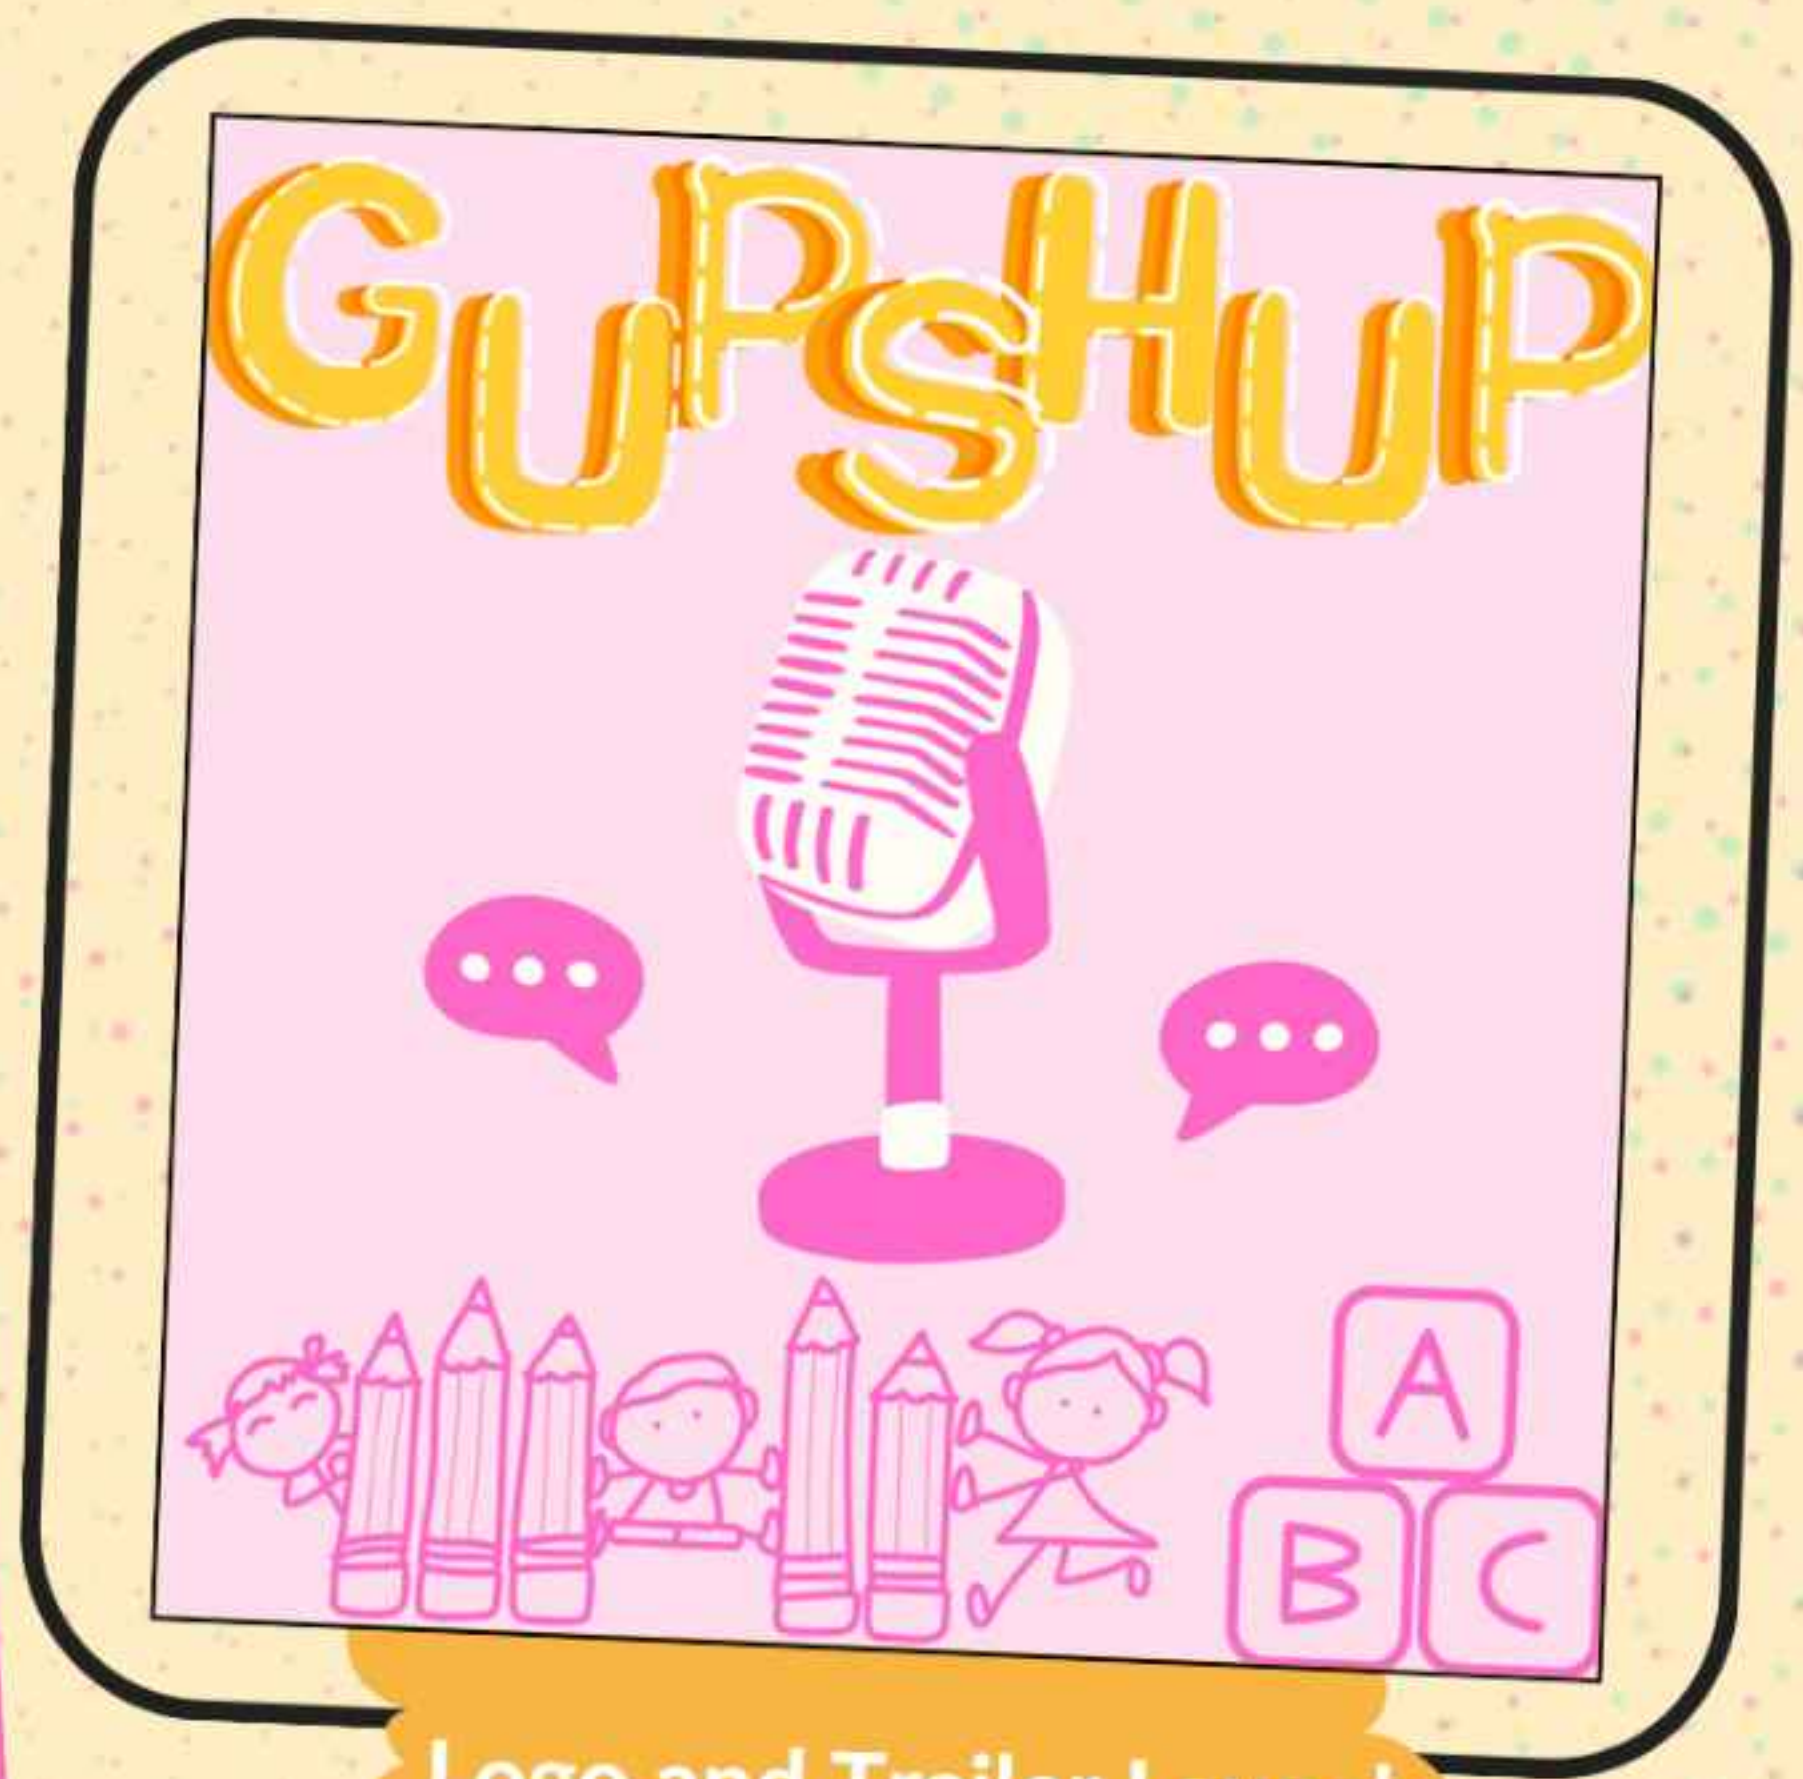

In our ongoing efforts to foster a positive and productive learning environment, we are excited to introduce a new set of classroom rules developed with the invaluable input of our students. By involving children in the creation of these guidelines, we aim to enhance their sense of ownership and responsibility in the classroom. These rules, suggested by the children themselves, will not only help in managing the classroom more effectively but also ensure that students are accountable for maintaining a respectful and orderly environment. We believe this approach will support our teachers in conducting classroom activities and lessons more smoothly, creating a collaborative space where everyone can thrive.

ANNOUNCEMENT - GUPSHUP

We're thrilled to introduce **Gupshup**, Neev's new podcast where we dive into engaging, insightful, and inspiring conversations with changemakers, educators, and storytellers. Each episode promises a blend of fun and thought-provoking discussions that illuminate the journey of those making a difference in education and beyond. **Subscribe now** to Neev Shikshan Sanstha's YouTube page and don't miss out on our **exciting trailer**—click the link to get a sneak peek into what's coming up! We hope you enjoy the journey as much as we do.
