

HELLO!

Welcome to Neev Shikshan Sanstha's Newsletter, your go-to source for our monthly activities and news. We're thrilled to have you on board! At the end of the newsletter, we have a small request from you, so please read it till the end. As always, we love hearing from you, so feel free to reach out with any questions or feedback. Enjoy the read!

WHAT'S IN THIS MONTH'S ISSUE?

- **HTT**
- **Model Center Update**
- **Guru Purnima Celebration**
- **North + East Zone Refresher**
- **Toy Library Update**

HYBRID TEACHER TRAINING PROGRAM (HTT)

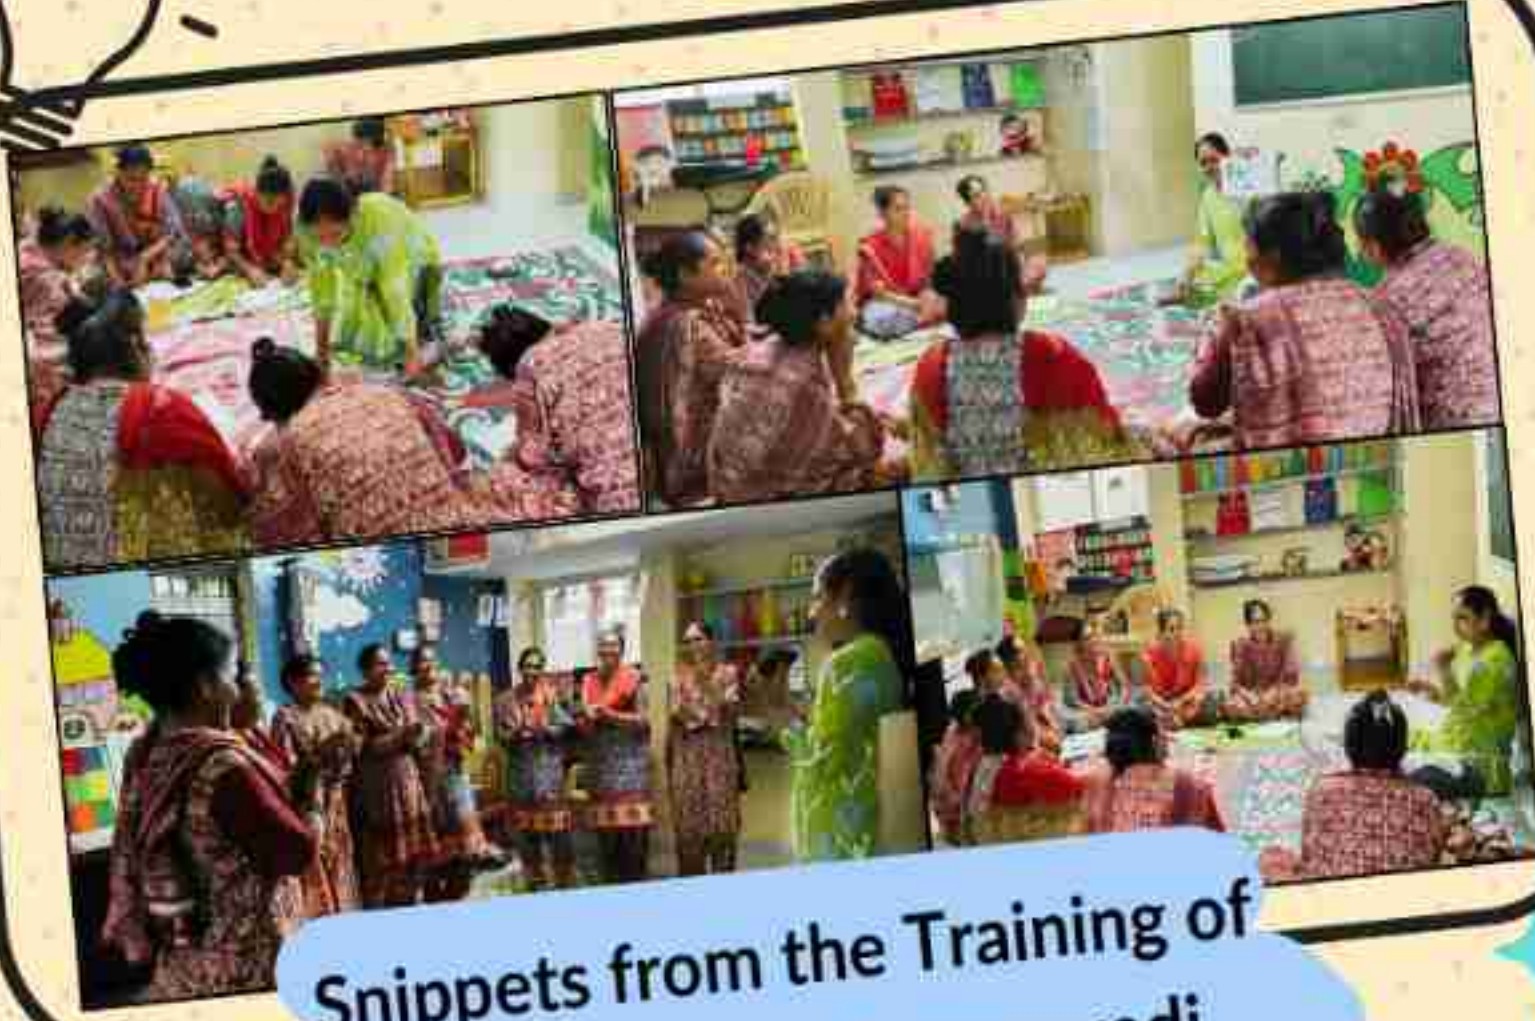

The Hybrid Teacher Training program aims at **enhancing the quality of education** in schools by equipping teachers with essential skills in **math, pre-math concepts, language development, and activity-based learning** through Teaching and Learning Materials (TLMs). This program offers offline in-person workshops, classroom observations, and collaborative learning. Key areas of focus include foundational math and pre-math skills, language development, and the integration of TLMs to create **engaging, hands-on learning experiences**. By empowering teachers with advanced pedagogical techniques and fostering a more interactive and effective learning environment, this program aims to improve educational outcomes for students and enhance the overall teaching experience.

MODEL CENTER TRAINING

Reading as a habit can and should be cultivated in children from the age of 1, opening up new avenues for development. Through reading, children learn new words, and their imagination and creativity increase. One such educational activity is **Read Aloud, aimed at enhancing literacy and language skills** by reading stories aloud to children in a group setting. After the storytelling session, children are given a blank sheet and colors to let their imagination run wild. While reading, teachers should focus on voice modulation to make the story more engaging and captivating. Looking to this need, our model center teachers were engaged in a training session to better their craft.

गुरु पूर्णिमा

GURU PURNIMA CELEBRATION IN ANGANWADIS

A heartfelt Guru Purnima celebration was organized in our 5 model center anganwadis, honouring the invaluable contributions of teachers. The event featured an engaging activity where children expressed their respect and solidarity by placing tilak on their teachers' and parents' foreheads and seeking their blessing by touching their feet. Additionally, the children were shown a short film on the importance of Guru Purnima, highlighting the significance of teachers in shaping young minds. The celebration was filled with joy, reinforcing the deep bond between students and educators and fostering a culture of respect and appreciation.

Training Workshops

REFRESHER TRAINING FOR NORTH AND EAST ZONE

We recently conducted a refresher training session for anganwadi teachers from the north and east zones of Vadodara. This session served as a valuable revision of previous training, reinforcing essential teaching skills and methodologies. The training covered **listening and speaking activities** such as Gupshup, Madam Kahe Che, and Dhvani Chetna, designed to enhance verbal skills and encourage interactive learning. Additionally, the session revisited crucial **pre-math skills** like counting, sorting, locating, and recognizing shapes, ensuring teachers are well-equipped to develop these foundational concepts in young children. The refresher training provided an opportunity for teachers to **reinforce their knowledge, share experiences, and discuss best practices**, ultimately aiming to improve the quality of education in anganwadis.

TOY LIBRARY UPDATE

Our Toy Library Volunteers are a beacon of hope for not just us but the community at large. Their efforts in managing the toy library have been instrumental in providing children with access to educational toys that enhance learning and development. To recognize their contributions, NSS awarded them with **tokens of appreciation**. This acknowledgment not only celebrates their commitment but also highlights the importance of their role in fostering a stimulating and engaging learning environment for young minds. **We are grateful for their unwavering dedication and look forward to continuing this impactful initiative together.**

Appreciate
YOU
